Value: As a rough estimate of this coins value you can assume this coin in average condition will be valued at somewhere around \$20, while one in mint state (MS) condition could bring \$2,800 at auction if certified. This price does not reference any standard coin grading scale. So when we say average, we mean worn as would be expected from a coin in this age, and mint state meaning MS+ grade and certified*.

Extra Info: With near 2.5 million 1897 barbers being minted at the Philadelphia, Pennsylvania facility it seems like they did all the work. A no mint mark barber half from this year means its the most common one of the 3 mints. This also means its worth a lot less. The others are worth 10x as much as this one, but its still a nice coin to look at.
