

Type: [Mercury Dime](#)

Year: [1916](#)

Mint Mark: D

Value: As a rough estimate of this coins value you can assume this coin in average condition will be valued at somewhere around \$949, while one in mint state (MS) condition could bring \$41,000 at auction if certified. This price does not reference any standard coin grading scale. So when we say average, we mean worn as would be expected from a coin in this age, and mint state meaning MS+ grade and certified*.

Face Value: 0.10 USD

Total Produced: 264,000 **

Silver Content: 90%

Extra Info: These are the MOST VALUABLE mercury dimes ever minted! Some have been sold for 43,000 dollars. The 1916 (d) Denver Mercury dime was minted in seriously limited conditions! Just 264 thousand. If you happen to find one in a drawer or garage sale, grab that coin and head for the hills, you have just hit the jack pot. :) In addition you could always be generous and contact us, we would be more than happy to buy it for the silver spot, or

face value :) This coin with Full Bands is worth even more.
