

Type: [Roosevelt Dime](#)

Year: [1950](#)

Mint Mark: D

Value: As a rough estimate of this coins value you can assume this coin in average condition will be valued at somewhere around \$3, while one in mint state (MS) condition could bring \$25 at auction if certified. This price does not reference any standard coin grading scale. So when we say average, we mean worn as would be expected from a coin in this age, and mint state meaning MS+ grade and certified*.

Face Value: 0.10 USD

Total Produced: 46,803,000 **

Silver Content: 90%

Extra Info: The 1950 Roosevelt dimes are 90% silver and very popular with collectors. Unfortunately the (d) Denver is the least valuable of the dimes minted this year. FB or Full Bands are what make these Roosevelt Dimes worth more.
