

Type: [Roosevelt Dime](#)

Year: [1983](#)

Mint Mark: S

Value: As a rough estimate of this coins value you can assume this coin in average condition will be valued at somewhere around 10 cents, while one in mint state (MS) condition could bring \$3 at auction if certified. This price does not reference any standard coin grading scale. So when we say average, we mean worn as would be expected from a coin in this age, and mint state meaning MS+ grade and certified*.

Face Value: 0.10 USD

Total Produced: 3,857,000 **

Silver Content: 0%

Extra Info: There were a few of these coins issued without the S mint mark, they are worth some serious cash is you can find one :) This proof contains no silver, it was not until 1992 that the US mint started back minting silver proof dimes, and even then most were not silver proofs.
