This price does not reference any standard coin grading scale. So when we say average, we mean worn as would be expected from a coin in this age, and mint state meaning MS+ grade and certified*.

Extra Info: All 1823 Capped Bust Quarters are 3 over 2s. This being said they are very rare as just over 17 thousand have been minted. There seems to have been a tendency of the mint to reuse old coins as many of the 1822 to 1828 Drapped Bust Quarters are some version of a re-strike.
