Value: As a rough estimate of this coins value you can assume this coin in average condition will be valued at somewhere around \$6.00, while one in mint state (MS) condition could bring \$440 at auction if certified. This price does not reference any standard coin grading scale. So when we say average, we mean worn as would be expected from a coin in this age, and mint state meaning MS+ grade and certified*.

Face Value: 0.10 USD

Total Produced: 2,610,000 **

Extra Info: The 2.6 million Barber dimes issued in 1906 at the New Orleans mint represent just 8% of the total US dime mintage for the United States of America. These are the rarest for the year, but they are for some reason not the most valuable in MS-65.
