Value: As a rough estimate of this coins value you can assume this coin in average condition will be valued at somewhere around 50 cents, while one in mint state (MS) condition could bring \$7 at auction if certified. This price does not reference any standard coin grading scale. So when we say average, we mean worn as would be expected from a coin in this age, and mint state meaning MS+ grade and certified*.

Extra Info: Older versions of the Kennedy Half Dollar minted in Philadelphia may not have a P mint mark. If a mint mark is absent it then indicates a P. The mint mark is on the front bottom middle of the coin under the presidents head.
